A I for Living cells for your imaging®

Stage Top Incubator For microscopes

# Deliver High-Quality system to everyone!

Reach out to every user in every country who requires great cost performance & high-quality system.

Model: STRG-WELSX-SET

STR

### **Time-Lapse Entry Model**

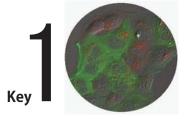

#### **STRG-WELSX-SET**

With digital CO2 mixer for 100%CO2 gas use

#### STRF-WELSX-SET

With analog flowmeter for premixed (5%CO2+95%Air) gas use

\*\*\* All Dish Attachments and Fixing Lids are included \*\*\*

Tokai Hit QUALITY

Keep your sample happy with Tokai Hit High performance Heating, Humidity and CO2 control.

#### **Simple & Reasonable** The system is Simple but yet high performance.

#### Happy set for start up

Necessary accessories are included in the package as standard. No more suffering from the product-selection.

**Stage Top Incubator** 

For microscopes

#### Advanced Start up Stage Top Incuabtor

## **San Reverse Entry Model**

Accessories included
Following items are included in the system. No more quote / order of additinal accessories required.

Applicable dish
Dish Attachment
Fixing Lid

35mm petri dish
ATX-D
LX-D35
Image: Comparison of the system of the

#### **Touch-Panel control**

Multiple monitors to ONE, better and simple.

#### **Universal Chamber WELSX**

Outside dimension is same as wellplate (127x85mm).

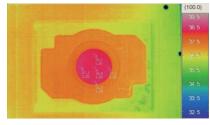

Applicable vessels 35mm petri dish 50mm petri dish 60mm petri dish Chamber slide Slide glass Chambered coverglass

Model: WELSX

\*cannot accommodate wellplate

#### Tokai Hit QUALITY

Uniform temperature regulation with original Top Heating Control keeps your sample happy.

Easy 10 minutes setup

Only 4 cables are need to be connected (power cables and gas tubes 2pc). Good-bye to complicated setup!

#### One-touch: magnetic fixing

Secure vessels and Dish Attachments aremuch easier to use. Introduce Simple but Strong fixing to keep your vessel in same place.

#### Prevent glass breakage forever

Protect your glass breakage with double features. No more glass breakage!

#### Experiment as you plan

There are risk of using glassware, but with protector and strengthen clear glass heater will be Free from glass breakage and stopping your experiments during repairing.

#### Detachable Lens Heater

Prevent entanglement of Lens Heater during imaging. The hook-up connector is secure by either magnet or manual-lock.

#### Specification (STRG)

Operation	Setting Method	Touch-panel	
Incubation mode	Manual	0	
	Sample Feedback	$\triangle$ (Optional)	
Humidity	Internal humidifier	More than 90%	
CO2Control	CO2 regulation	Digital	
	CO2 setting range	5.0~20%	
	CO2 accuracy	±0.1% (at 5% CO <sub>2</sub> )	
	Gas flow rate	160ml/min	
Stage Heater	Regulation	Hi-speed ON/OFF	
Software	Data logging	$\triangle$ (Optional)	

Feature and design	Strengthen Clear Glass Heater	$\bigcirc$
	Top Heater Heating Method	0
	Detachable Lens Heater designed	0
	Connector	Flat cable
	Magnetic Dish Attachment	0
	Magnetic Dish Lid	0
	One-touch gas tube	0
Dish Attachment and Fixing Lid included in the system	35/50/60mm dish	$\bigcirc$
	Chamber slide	0
	Slide glass	0
	Chambered coverglass	0
